Dr. Yotaro Ohno, Secretary General of the Organizing Committee

Supporting organizations : China DME Association (CDA)
(to be invited) Korea DME Forum (KDF)
International DME Association (IDA)

Introduction

4th Asian DME Conference will be held on Nov.12-14, 2007 at the Kitakyushu International Conference Center. The conference language is English.

DME has now gained internationally wide recognition as multi-source, multi-purpose clean fuel and chemical feedstock.

Various research & development works have been conducted worldwide, especially in Asia (Japan, China, Korea), leading to the first market appearance and expansion of commercial DME fuel in China. In Japan a couple of local provincial associations to study market introduction of DME fuel have been born in the past several years.

JDF and Kyushu DME Association (KDA), one of the most active provincial associations, are pleased to welcome the conference delegates from Asia and other countries all over the world in order to exchange information and have useful discussion.

Subjects of the Conference

- DME technical, economic, project and social perspectives (country review)
- DME production technologies
- DME for transportation
- DME for industry and power generation
- LPG substitute (household)
- DME standardization and safety regulation
- Other related subjects
